THE SCROLL

Memory is when you look back
and the answers float in
to who? what? when? where?

The members who were there then
are repeated on a screen
are recalled on a scroll
are moved in a miniature drama
are collected and recollected
for actions, speeches, silences,
set forth by images of the mind
and made in a mingling mist
to do again and to do over
precisely what they did do once
this is memory -
sometimes slurred and blurred -
this is remembering
sometimes wrecking the images
and proceeding again to reconstruct
what happened and how,
the many little involved answers
to who? what? when? where?
and more involved than any

how? How?

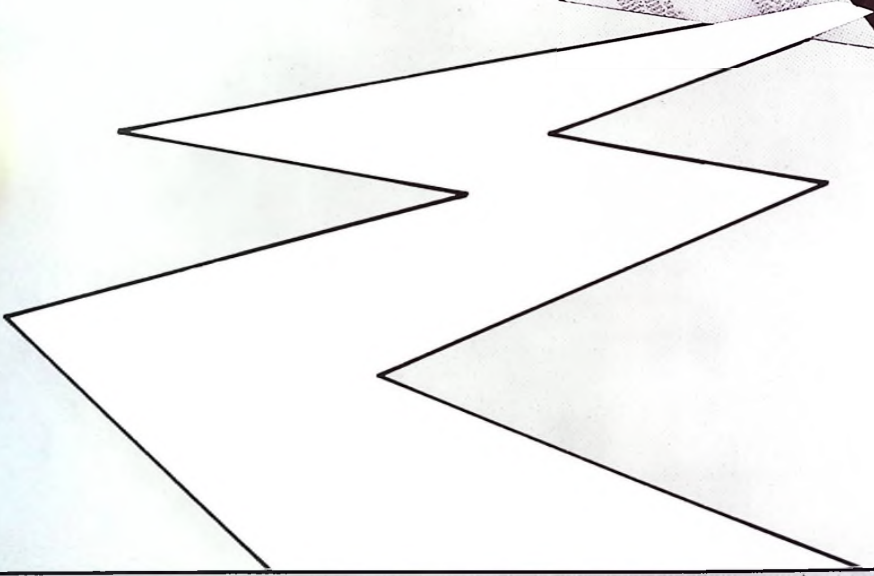

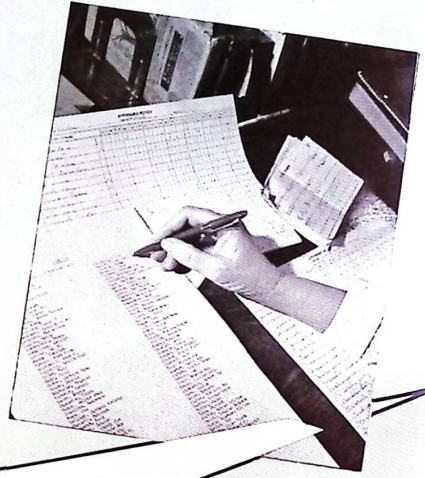

- Carl Sandburg

It is to this function - to Memory -
that we present this, THE 1964 PIRATE.

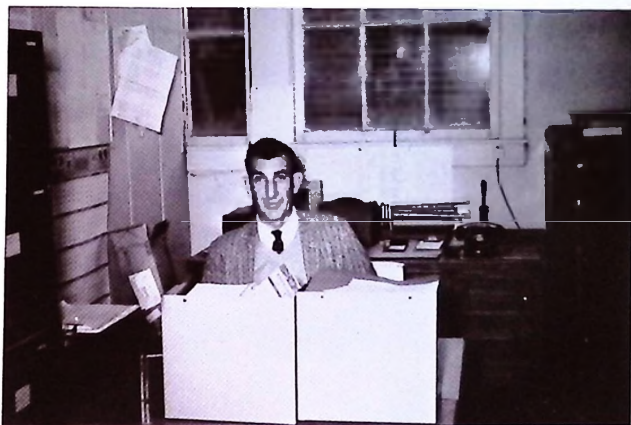

We the class of 1964 are proud and honored to dedicate our yearbook to Mrs. Willey who has been with us throughout our school years and has always been ready and willing to help us. In a very real sense, she has given us a blueprint upon which we can build as individuals. We know that Mrs. Willey will never lose her cheering smile and friendly way.
