

Pirate '63

WE THE PEOPLE of Talcott High School
IN ORDER to always remember the School
Year of 1962-1963

ESTABLISH in our minds the things we have
learned and the fun we have had

INSURE the memories of our friends and
associates

PROVIDE for the time when this period will
seem long-departed

PROMOTE an everlasting school spirit and

SECURE the blessings of these days for our-
selves and our posterity. . . . do

ORDAIN and ESTABLISH this PIRATE for
the past year at

TALCOTT HIGH SCHOOL

CALVIN WALLACE, PRINCIPAL

The Pirate is a catalog of activities and people for the Talcott School. May the viewing of these pages remind the reader that he learned to love learning and came to understand in these surroundings and through the vehicle of the scholastic life portrayed here. Learning, and teaching, too, is an occupation for the adventurous. The art of living together creatively and the discoveries of the secrets of the universe provide unconquered frontiers and horizons that challenge the best within each of us. The conquest of ignorance is still a daily, continuing call. Those who have been given the opportunity to participate in this conquest have a responsibility to strive for the goal. The Talcott School covets the role of the teacher, believing that in a community of students, where freedom to think and to write and to speak is present, the foundation may be laid for life long learning. Any student who uses the resources that are available at the school will provide a better life for himself and a distinct contribution to his fellow men.
